HEALTH AND FAMILY WELFARE (P2) DEPARTMENT

GO (Ms) No. 318

Dated 13.12.2011. Thiruvalluvar Andu-2042 Karthigai-27.

Read:

From the Director of Public Health and Preventive Medicine letter No.70573/Plan-I/A1/2011, dated 27.07.2011 and 17.08.2011.

--000--

ORDER:

The following announcement has been made in the Budget 2011-12:

"Hospital on Wheels" scheme will be launched to provide door step health care services in remote and far flung area to start with. The mobile unit will have a medical team consisting of a doctor, nurse, attendant, laboratory technician and also have laboratory facilities. The 'Hospital on Wheels' will visit remote villages b ased on a fixed tour programme.

2) The Director of Public Health and Preventive Medicine in his letters read above has sent proposals for upgrading the existing Mobile Medical Units provided under NRHM as 'Hospital on Wheels' with necessary additional manpower, laboratory facilities and other diagnostic equipments to provide high quality medical care with focus on Mother and Child Health services and non communicable diseases covering all the remote villages and hamlets as per the fixed day plan specific for each block. He has stated that the Hospital on Wheels will provide outreach services such as screening and follow up care for diabetes, hypertension, cancer, treatment of minor ailments particularly for women and children, ante natal and post natal care, newborn screening, child care including immunization in Village Health Nurse uncovered areas, geriatric care, eye screening for cataract and referral, RTI / STI management (Syndromic treatment), Copper 'T' insertion, removal and follow up, fever surveillance and management etc. Laboratory investigations such as blood sugar estimation particularly for Gestational Diabetes Mellitus (GDM). VDRL / HIV, peripheral smear for malaria parasite, Haemoglobin estimation, blood cholesterol, blood grouping and Rh typing, urine albumin, sugar examination, sputum testing and ECG etc. would also be provided.

- 3) The Director of Public Health and Preventive Medicine has stated further that he 'Hospital on Wheels' will be managed by the concerned Primary Health Cerntre to which it is attached. The Block Medical Officer will be responsible for the overall smooth functioning of the scheme. Web based software will be developed for online Ine reporting. A laptop will be provided for each team. The medical officer will enter the daily camp report on the same day through online reporting. All block microplans will be collected and compiled in booklet form and made available at D eputy Director of Health Services office and also in all Primary Health Centres. The copy of the micro plan will be submitted to the District Collector, the Mission Dir-ector, State Health Society and Director of Public Health and Preventive Medicine. District Maternal and Child Health Officer will ensure cent percent daily or line reporting and feedback report to be sent to the Hospital on Wheels team period ically. The existing mobile medical team consists of one medical officer, one staff murse. one attendant-cum-hospital worker and one driver and additional manpower of one lab oratory technician to each team is necessary in addition to the above posts. The Hospital on Wheels requires fabrication of 385 vehicles for fitting the laboratory equipments, generator, providing facilities for minor procedures, pharmacy space and other facilities and new equipments.
- 4) The Director of Public Health and Preventive Medicine has also stated further that for the effective implementation of the Hospital on Wheels program me, a separate State Programme Management Support Unit (SPMU) located at the Directorale of Public Health and Preventive Medicine is required with one additional post of Assistant Director (SBHI) and one Data Entry Operator and equipments. The Director of Public Health and Preventive Medicine has stated that a GPS device will be fitted on each vehicle for monitoring vehicle movement and a camera will be fitted outside the vehicle for monitoring the camp. A separate and advanced system is required for data flow and monitoring, which may be entrusted to a non-profit organization with technical capability and experience. This monitoring system will consist of a State level monitoring cell at the Directorate of Public Health and Preventive Medicine and district level monitoring units for every two to three districts (10) located in the offices of the Deputy Director (Health Services) to be provided through a public private partnership (PPP). He has requested Government Orders and sanction of funds for the implementation of the programme.
- 5) The Government have carefully examined the proposals of the Director of Pulblic Health and Preventive Medicine and decided to accept the proposals. They accordingly issue the following orders:
 - i) Permission is accorded to the Director of Public Health and Preventive Medicine to establish the Hospital on Wheels programme utilizing the existing 385 Mobile Medical Units sanctioned under the National Rural Health Mission to provide door step health care services in remote and far flung areas as announced in the Budget 2011-12.
