3. The Project Director, Tamil Nadu State AIDS Control Society in his letter 3rd read above has stated that Tamil Nadu State AIDS Control Society receives nearly 10,500 applications (both from infected/ affected children) from all the 32 districts of the State through the respective District level AIDS Prevention and Control Units (DAPCUs), out of which only 3594 (34%) children have been annually supported and benefited from the accrued deposited interest amount during the Financial year (2017-2018). The provision of Annual financial support is very minimal. (i.e) ranging from 2000/- to 3000/- to each of the HIV infected/affected Child. In this financial year (2018-2019), in order to up-scale and cover more number of needy Children living with and affected by HIV/AIDS under the Tamil Nadu Trust for Children Affected by AIDS (TNTCAA) scheme, an O.V.C data enumeration process has been carried out at the district level through the District level AIDS Prevention and control units (DAPCUs) so as to extend financial support to the children who are undergoing Higher Education under various Professional courses namely UG/PG Colleges, Diploma/Polytechnic courses etc @ Rs. 5000/- each for their Education & Nutritional supplements. Hence, there is a need to increase the number of children beneficiaries and units; the corpus to TNTCAA Trust needs to be increased to Rs.20 crore.

4. The Project Director, Tamil Nadu State AIDS Control Society has stated that to increase the financial assistance an additional corpus fund of Rs.10.5 crore is needed to the existing 9.5 crore to meet out the remaining O.V.C children for their Higher Education & Nutritional Supplements. The Trust (TNTCAA) will grant for these children based on their age and educational level as per the operational guidelines. The number of O.V.C children beneficiaries, who have been supported during the past nine years (i.e) since from the commencement of this scheme, is as follows:-
