### **ORDER:**

The Mission Director, National Health Mission in his letter read above, has stated that the Primary Health Care services to rural public are being rendered in the State through Primary Health Centres. Apart from Primary Health Care services, new services such as Non Communicable Disease, Dental and AYUSH services are also introduced and being provided in Primary Health Centres. Thus, the Out Patient Blocks are either inadequate to accommodate all the services or in some case, the Out Patient Blocks are in dilapidated condition. Further, in order to improve the service delivery and to operationalize the 24x7 hour service in Primary Health Centres in rural areas, it has become necessary to provide adequate residential facilities to the staff of Primary Health Centres especially to Staff Nurse, so as to enable them to stay in the villages themselves for serving the Rural Public.
