1. G.O.(Ms) No.209, Highways and Minor Ports (HP2) Department, dated 17.12.2012.
2. From the Chief Engineer (Construction and Maintenance) Highways Department, Letter No.9742/ Thittam / 2018, dated 07.02.2019 and 12.04.2019

ORDER :-

During the Budget session 2012-13, the Honourable Minister for Highways and Minor Ports has announced the "acquisition of land for Forming of Bypass road to Manachanallur Town".

2. In the Government Order first read above, Administrative Sanction was accorded for a sum of Rs.14.40 Crore for land acquisition for the formation of Bypass road to Manachanallur Town starting from Km 2/2 of Trichy-Thuraiyur road (SH-62) and ends at Km 4/6 of the same road.

3. In the reference second read above, the Chief Engineer (Construction and Maintenance) Highways Department has stated that, based on the Government Order first read above, land acquisition was carried out by the Tahsildar, Manachanallur and enter upon permission was given to Highways Department.

4. The Chief Engineer (H) Construction and Maintenance has further stated that Manachanallur Town is popularly known as the rice city. Rice production is the lead business of this town and many rice mills are located in this town. Two cement factories are functioning in the vicinity of the

Manachanallur town. Heavily loaded trucks with ores are plying in this road which causes congestion inside the town. The well known Samayapuram Mariamman Temple, Thirupanjali Lord Shiva Temple and Thiruvallarai Ancient Lord Perumal Temple are important pilgrimage centers located in the immediate vicinity of Manachanallur Town. During the festival season, lakhs of pilgrims travel to Samayapuram Mariamman Temple on foot (via) Manachanallur town. Travellers from Trichy, Samayapuram, Thuraiyur, Thirupanjali etc., to other parts of Tamil Nadu state have to pass through Manachanallur town. Due to the above reasons, the vehicular traffic passing through the heart of Manachanallur town is heavy which causes traffic congestion. To divert the traffic away from the town, the Bypass road was proposed from Km 2/2 of Trichy-Thuraiyur Road (SH-62) to Km 4/8 of the same road at Ponnampalayam Village avoiding Manachanallur town to a length of 2.64 Km and the alignment was approved by the Alignment Committee on 25.04.2011. It is proposed to construct three lane carriageway with 1.50 m earthen shoulder on both sides considering the future traffic demands. Since the Bypass alignment is passing over the agriculture fields, provisions for embankment formation is made in this estimate including earthen drain and sapling plantation. Further, provision for construction of 16 numbers of culverts and 2 numbers of minor bridges has been made across water crossings to facilitate easy draining across the water courses based on local enquiry and field inspection and across supply channels wherever necessary. Further there are 5 junctions along the Bypass alignment which necessitate junction improvements to better manage the traffic flow from the intersecting roads as detailed below:-

Chainage	Intersecting road	Type of junction	Classification of road and width	Details
Km 0/0	Km 2/2 of Trichy-Thuraiyur (via) Manachanallur town road (SH-62)	'T'	SH62 7.5 m	This 3 legged 'T' intersection is located at Km 2/2 of Trichy-Thuraiyur (via) Manachanallur Town road (SH-62)
