- (i). Kanyakumari district has three shore lines such as Bay of Bengal, Indian Ocean and Arabian Sea i.e., Tri - Sea Confluence. Fishermen folk resides at the shore in 47 Coastal villages and they have no proper connectivity along their villages which involves more time to transport their marine catch to neighbour markets. Also, in this connectivity road proposal, three important rivers of Kanyakumari district dispose in the Arabian Sea viz Pazhayar, Valliyar and Thamirabharani. Considering the above, a coastal link road has been proposed from Arockiapuram to

Neerodi to a Length of 72.265 kms. Without this coastal link road, the distance from Arockiapuram to Neerodi works out to 92.30 Kms on the existing available road network. 20 km road length of travel will be reduced when this new coastal link road is formed.
