### ABSTRACT

Micro, Small and Medium Enterprises Department - One year Post Diploma (Advanced) in Die and Tool Design Course at Government Technical Training Centre, Guindy - Discontinued - Orders Issued.

### Micro, Small and Medium Enterprises (E) Department

G.O.(Ms).No.14

Dated.23.03.2015

திருவள்ளூர் ஆண்டு 2046  
பங்குனி 09

Read:

1. G.O.(Ms) No.1506, Industries (Spl) Department, dated 14.3.1961
2. G.O.(Ms) No.1062, Industries (Special) Department, dated 23.6.1972
3. From the IC&DIC letter Rc.No.12805/EDP/2011, dated.24.06.2011, 1.6.2012, 28.10.2013, 13.08.2014 and 11.02.2015.

### ORDER:

In the Government order first read above, the Government have sanctioned the establishment of a Technical Training Centre at Guindy with a view to train specialist in the various operations in the fields of Die Sinking, Tool Making, Forging and Heat Treatment, Machine Operation and Die designing. Degree or Diploma holders are admitted to the Die Designing Course and the Industrial Training Institute Certificate holders are admitted in the other metal trades. The duration for the Die Design Course is 2 years and it is 1 ½ years for the other courses. As far as the Die Designing Course is concerned, it is a post-degree or diploma training specially imparted. On completion of this training for a period of a 2 years, a certificate is issued to the successful trainees.

2. In the Government order second read above, the Government have changed the nomenclature of the Certificate course of Die Designing in the Government Technical Training Centre, Guindy as Diploma Course as "Post (Advance) Diploma In Die and Tool Design.

3. The Principal Secretary / Industries Commissioner and Director of Industries and Commerce has stated that the Superintendent, Government Technical Training Centre, Guindy has submitted a proposal, for discontinuance of One Year Post Diploma (Advanced) in Die and Tool Design Course at Government Technical Training Centre, Guindy from the year 2011. The following courses are being conducted at Government Technical Training Centre, Guindy, Chennai- 32.

1. Three years Diploma In Mechanical Engineering (Tool & Die).
2. Three years Diploma In Mechanical Engineering (R&A/c)

3. One year Post Diploma (Advanced) in Die and Tool Design.

4. The Principal Secretary / Industries Commissioner and Director of Industries and Commerce has also stated that during the past few years this course did not attract many aspirants and it may not be feasible on account of the following factors.

- (1). Non receipt of sufficient no. of applications for admission.
- (2). Non availability of qualified full time regular staff.
- (3). Less attractive remuneration package for the part time lecturers which results in experts not coming forward to take up this assignment.
- (4). Lack of latest, advancements in the field of Tool Die Design.

5. The Principal Secretary / Industries Commissioner and Director of Industries and Commerce has stated that neither infrastructure nor staff created exclusively for one year post Diploma (Advanced) course in Die and Tool Design, at Government Technical Training Centre, Guindy, Chennai-32.

6. The Commissioner of Technical Education has stated that:-

- i. after introduction of lateral entry scheme, the diploma qualified students have bright changes of getting admission in engineering colleges nearer to their residences. For the reasons stated above now a days, sufficient numbers of applications are not received for Post Diploma Courses in all disciplines.
- ii. for the last 3 years admission for Post-Diploma Courses has been very poor.
- iii. The following table illustrates the admission details in Post-Diploma courses offered by the institution in the last three years.

Academic Year	No. of colleges offering PD Courses	Sanctioned Intake	Admitted
2011-2012	4	100	26
2012-2013	4	100	04
2013-2014	7	152	05

- iv. a full time regular faculty having specialization in the subject concerned with rich experience alone can teach specialized subject like Die and Tool Design and render justice to the students.
- v. it is very difficult to get Part Time faculty in the relevant discipline for teaching such specialized subjects.

vi. Presently, no polytechnic colleges is offering course in Post diploma (Advanced) in Die and Tool Design except Government Technical Training Centre, Guindy.

7. The Commissioner of Technical Education has recommended for the discontinuance of One Year Course in Post Diploma (Advanced) in Die and Tool Design Course conducted at a Government Technical Training Centre Guindy, Chennai-32.

8. The Principal Secretary / Industries Commissioner and Director of Industries and Commerce has requested the Government to discontinue one year post Diploma (Advanced) course in Die and Tool Design, at Government Technical Training Centre, Guindy, Chennai-32.

9. The Government after careful examination of the proposal of Principal Secretary / Industries Commissioner and Director of Industries and Commerce and Commissioner of Technical Education decided to discontinue of One Year Course in Post Diploma (Advanced) in Die and Tool Design Course conducted at a Government Technical Training Centre Guindy, Chennai-32

10. This order issues with the concurrence of Finance Department vide its U.O.No. 58456/Ind/2014, dated.11.11.2014
