- The Government have decided and recommended to use Crushed Stone Sand as an alternative to the natural river sand. Further the Crushed Stone Sand (CS Sand) is commercially called in market as 'M-Sand'.
- For the construction purposes, as an alternate to River Sand, the Government have decided and recommended to use Crushed Stone Sand manufactured by way of using good quality strong stones crushed with proper machinery and complying with all the requirements as stipulated by relevant codes of Bureau of Indian Standards.
- The Government issued awareness pamphlets on Crushed Stone Sand for the use of public and builders stating correct manufacturing process of 'CS Sand', simple site tests to be conducted and Laboratories that conduct the quality tests. Moreover, short film on 'CS Sand' awareness was also released in Theatres by the Government.
- The Public Works Department issued circulars emphasizing importance of the use of 'CS Sand' in detail.
- The expert committee consisting of members from Public Works Department, Indian Institute of Technology (IIT), Anna University, Structural Engineering Research Center (SERC), Indian

Builders Association and Chief Engineers of various other Government Departments is approving the quality of Crushed Stone Sand manufacturing units after receipt of report of the site inspection and test results of the Crushed Stone Sand in the Government Certified Laboratories.

- So far, quality of Crushed Stone Sand for 112 manufacturing units throughout State have been approved and the details of the manufacturing units have been sent to the concerned Departments. Further, the remaining approval of applied manufacturing units is under process by the Committee.
- PWD insisted the condition to the approved 'CS Sand' manufacturing units, when they are selling to the Public, the copy of the PWD Quality approval Certificate and Sieve Analysis Test report of 'CS Sand' have to be enclosed with Lorry Trip Sheet for the verification of the Public.
- Due to the above various continuous actions taken by the Government to encourage the use of 'CS Sand' as an alternate to river sand, all the construction activities are carried out on time without any hindrance.
