DEPARTMENT OF SERICULTURE

CITIZEN CHARTER - 2015

Cultivation of mulberry and rearing of silkworm crop generates employment opportunities with regular returns through cocoon crops. To improve the economic condition of the farmers, Government will continue to support the development of Sericulture activities in the State with thrust on Bivoltine silk production to reduce dependency of imported silk.

- ★ Farmers will be motivated to plant high yielding mulberry varieties.
- ★ Farmers will be motivated to take up bivoltine crops.
- ★ Farmers will be motivated to adopt innovative technologies in Sericulture activities.
- ★ Farmers will be motivated to rear silkworm by using shoot rearing racks.
- ★ Farmers will be assisted to construct separate rearing houses and procurement of improved rearing equipments.
- ★ Farmers will be assisted to install drip irrigation system in mulberry gardens.
- ★ Farmers will be assisted to cover their silkworm crop and assets under crop insurance scheme.
- ★ Reelers will be assisted to install multi-end reeling machines.
- ★ Reelers will be provided incentive for production of bivoltine silk.
