FAX MESSAGE.

My heart aches on hearing that Sai Baba is seriously ill and I, very sincerely, wish him speedy recovery. He should be back to normal responding to the wishes of thousands of his admirers. I have great respect and immense affection for him, for his abiding interest in Tamil Nadu and unending love for its people. His liberal and timely contribution towards better drinking water supply to the people of Chennai City is really memorable.

I once again wish him speedy recovery on my behalf and on behalf of the people of Tamil Nadu.
