"In 2004, the United Nations Educational, Scientific and Cultural Organisation (UNESCO) had formed "Creative Cities Network" to promote co-operation with and among cities that have identified creativity as a strategy for sustainable development." For its creativity and contribution to music, Chennai was recently included as one among the 64 cities chosen world-wide, taking the total number of such cities in the network to 180. Indeed, the people of Chennai love their music and it is a part of their culture and tradition.

On behalf of the people of Chennai and on my own behalf, I thank you very much for congratulating the people of Chennai for this unique distinction."
