

SINHALESE ARMY ON THE RAMPAGE !

STATEMENT OF KALAINAR M.KARUNANIDHI,
CHIEF MINISTER OF TAMIL NADU

Few months ago, the Sinhalese Army killed innocent children by indiscriminate bombing in a place called Sencholai of SriLanka. Before this gruesome incident has faded from the memory of the Tamils living there and the tears of the Tamils all over the world have dried up, there is yet another ghastly incident –

Shocking and sorrowful news echoing from Mattakallappu of SriLanka! Hundreds of Tamils staying as refugees have been brutally killed by bombings!

This news pierces our ears and drowns us in tears.

Apart from aerial bombing, the SriLankan Armed Forces fired missiles, resulting in heaps of dead bodies of hundreds of children.

Even the Norway Team who had come on a peace mission was attacked.

I wish to bring to the notice of the Central Government the pertinent question which has now arisen as to how long India is going to keep patience. The time is now ripe to rethink and find an answer.
