M. KARUNANIDHI
CHIEF MINISTER

Dear Pn,

I congratulate you and the Union Government for presenting a very good Budget for the year 2010-2011 keeping in mind the objectives of U.P.A. to ensure inclusive growth and overall economic development. At the same time, I would like to draw your kind attention to the far reaching implications of the announcement of increase in the prices of petrol and diesel yesterday. You are fully aware that the Centre and the States are grappling with the issue high food inflation in the recent months. Any increase in the price of diesel will have a cascading effect on food prices as well as prices of other essential commodities. Therefore, I seek your immediate intervention for a roll back atleast on the price of diesel so as to protect the farmers and the common man.

Thanking you,

Kind regards

Yours sincerely,

M. Karunanidhi
