Date.....

D.O. Letter No. 342/CMO/2021 Dated : 1-6-2021

Dear *Thiru Harsh Vajedhan,*
Vanakkam,

I had written to the Hon'ble Prime Minister last week, stressing upon the need to immediately operationalise Integrated Vaccine Complex (IVC) at Chengalpet, established by HLL Bio-Tech Ltd., under your Ministry.

The representatives from our Government had also met you and discussed the feasibility of handing over the facility to the State Government, so as to enable it to identify a suitable a private partner to operate it and commence the production at the earliest. Subsequently, it has been informed to us that the Union Government intends to bring in a partner on its own to operate the plant.

While I would like to reiterate our earlier request, I wish to highlight to you the urgency of the moment, given the need for immediate commencement of production. Irrespective of whether it is the Union Government or the State Government which is to find the partner to operationalise the plant, the need of the hour is to ensure that there is absolutely no further delay in the process. I once again assure you the unflinching and wholehearted support of my Government in putting this national asset to its full use.

I had also highlighted the efforts taken by my Government in the last one month in eliminating vaccine hesitancy and how we have emerged successful in creating tremendous demand for Covid vaccines among our State's populace. I had also mentioned the fact that Tamil Nadu had not received vaccines proportionate to its population size and case load and this can be corrected only by a special allocation of 50 lakh doses each under Government of India channel

and Other than Government of India channel. Under the latest allotment, we have been allocated 25.84 lakh doses under the former and 16.74 lakh doses under the latter.

I thank you for the above allotment. Meanwhile, I would also like to point out that this allotment is just commensurate with the broader increase at the national level and our request for a special allotment to correct the earlier lower allocation is still to be addressed. I once again request you to look into this issue and ensure that Tamil Nadu is allocated vaccines at levels comparable to comparable States. Also, given the fact that we have almost exhausted the vaccines supplied to us and the vaccination programme has come to a grinding halt, I request you to prioritize Tamil Nadu and frontload the June month's supplies from the first week itself. This would help us to recommence our vaccination drive and sustain the momentum generated by us in the last fortnight.

I request your personal attention and immediate intervention on the above issues.

With warm Regards,

Yours sincerely,

(M.K. STALIN)

To

Thiru Harsh Vardhan,
Hon'ble Union Minister for Health and Family Welfare,
New Delhi – 110 016.
