

PRESS RELEASE

Seminar on “DHI’s Technology Acquisition Fund Program”

Entrepreneurship Development Institute (EDI), Chennai is engaged in promotion of innovation and entrepreneurship in the State. EDI is conducting various programs for the benefit of MSME units/Clusters. GITA is a Government of India supported funding organization.

EDI in joint collaboration with Global Innovation Technology Alliance (GITA) is proposing to conduct one awareness seminar on Technology Acquisition Fund program (TAFP) on **20th Jan 2017 from 2 P.M. to 5 P.M.** at **Entrepreneurship Development Institute, TI Building, Guindy Industrial Estate, Guindy, Chennai – 600032 (opp. To Guindy Railway Station)**

The TAFP will provide financial assistance to MSME and large manufacturing units in the Indian Capital Goods sector to facilitate the acquisition of strategic and relevant technologies and also development of technologies through contract route, in-house route or through joint route of contract and in-house. The seminar is open to Indian Capital Goods Sector units or their consortiums/clusters. TAFP scheme is focusing on the capital goods sectors like Machine tools, Plastic Processing Machinery, Heavy Electrical & Power Plant Equipment, Earth Moving and Mining Equipment, Metallurgical Machinery, Textile Machinery etc. MSME units in these 6 sectors are specifically invited.

No registration fee is required but RSVP to ddp@editn.in or tc3@editn.in is necessary with your company and contact details to book your slot at seminar. For further details, Dy. Director, EDI or Training Co-ordinator may be contacted in their mobile nos. 8754590961/8754514770 respectively.
