## Supplementary Press Release

[In continuation of Press Release issued earlier]

The members of public are requested to keep ready documentary evidence for age, residence and photos, wherever required, for handing over to BLOs when they visit their house so as to enable the inclusion of their name or correction of entries in the electoral roll. If the documents for address proof / age proof and photo are not handed over to the BLO, their names may not get included in the Electoral Rolls and consequently they will not get their EPIC.

2. The Election Commission of India has directed that a concerted effort should be made to achieve 100% EPIC coverage and Photo coverage in the electoral roll. The DEOs have been instructed to collect the photos of all residual electors through BLOs and to achieve 100% coverage in both EPIC and PER (Photo Electoral Roll) latest by the middle of May.
