

P.R.No 827

Date – 23.05.2022

**TAMIL NADU WILL HOST ASIA’S LARGEST TECHNOLOGY AND
INNOVATION SUMMIT – “UMAGINE”
SEPTEMBER 21-23 2022**

Umanage will showcase and strengthen the technology ecosystem in Tamil Nadu. It will be the best of class event to ground deep-tech companies in the state. Umanage will host its flagship summit in TN annually.

When you think of Umanage think of the future.

The inaugural edition of the three-day Summit will be hosted between 21-23 September 2022. The Summit will bring together key players of the technology ecosystem including entrepreneurs, investors, academics, and policymakers from around the world.

Umanage will be a platform for its community of tech-driven companies to flourish both in and out of state in line with the vision of being the **Knowledge Capital** of the world. It envisages a vibrant ecosystem that will make Tamil Nadu a destination of choice for both global and young tech companies and to build technologies of the future.

Currently, Umanage community is reaching out to captains of global companies on the sidelines of the World Economic Forum Annual Meeting at the Umanage Lounge in Davos. Founders of 8 tech-driven companies from Chennai are in Davos to represent the Tamil Nadu tech ecosystem. These are Mind & Mom, Impactree, Kandee Factory, Mage, Twixor, Aquaconnect, Veehive and Raptee Energy.

Umanage is actively partnering with global organizations and bringing together experts to guide and inspire its community of tech-driven companies on building a scalable business model and expose them to a global community of investors and customers.

Umanage will focus on emerging technologies including ClimateTech, Healthtech, Edtech, Agritech, Web 3.0 and Deep Tech, Smart Infrastructure, Smart and Green Manufacturing, Biotech, Platforms and Gig Economy, Creative Industry and Social Entrepreneurship.

TAMIL NADU – THE NEXT TRILLION-DOLLAR ECONOMY

Tamil Nadu is on track to become a \$1 trillion economy by 2030. With an SGDP measuring more than US\$ 300 billion, the state’s economy is larger than Finland and New Zealand and contributes up to a tenth of India’s economy.

Strong industrial base and infrastructure, world-class connectivity, abundant supply of power, world-class health care, top-grade educational institutions and outstanding human resources have made Tamil Nadu a highly favoured destination in Emerging Technologies.

A flourishing industrial ecosystem, a vast talent pool and a well-networked diaspora spread across the globe is helping Tamil Nadu emerge as a rising star in the **emerging technology hubs in the world.**

Come and be part of Uagine!!
