

**PRESS RELEASE**

Goods and Service Tax was implemented on 01.07.2017. All the e-services relating to GST viz. Registration, Return filing, Payment etc. can be accessed by the Tax payers through the web portal [www.gst.gov.in](http://www.gst.gov.in) developed by Government of India.

To access some of the e- services while on the Go, an application has been developed by the Tamil Nadu Commercial Tax Department for the use of Tax payers / Mercantile Public, which can also be accessed by the General Public through any Android Mobile with data connectivity. The new Mobile App for GST viz. "TNCTD-GST" is now available in Google Play Store. This App can be downloaded at free of cost from Google Play Store. This is an Android App, which can be accessed in all the Android smartphones.

The following are the functionalities provided in the App.

Sl.No.	Functionality	Details.
1.	<b>Dealer Search</b>	This facility can be used to search the details of any registered Taxpayer, by entering any one of the following viz. GSTIN, Legal Name or PAN.
2.	<b>Track Application Status</b>	The present status of the Applications filed by the Taxpayers (State) for Registration, Core Amendment and Cancellation of Registration can be obtained by providing the ARN number.
3.	<b>Interest Calculator</b>	Interest rates for various activities based on specific Sections of the Act can be calculated through this facility.
4.	<b>Know your Jurisdiction</b>	The taxpayers can check the Circle, Zone and Division of Commercial Taxes Department for a given PIN Code.

The Taxpayers / Mercantile Public and the General Public are requested to make use of this Mobile-App facility.
