PRESS RELEASE

CeTIT 2010 – The Way Forward

CeTIT 2010 would concentrate on the issues that were identified earlier to create an implementation process. CeTIT 2010 will focus on complete implementation areas of e-Governance in Tamil Nadu and elsewhere.

The government of Tamil Nadu is already involved in working efficiently on e-governance in areas like Transport, Telemedicine, Driving License, Civil Supplies, Electronics, Revenue, Survey etc wherein this conference would high light the following areas and also to improve transparency and efficiency in the implemented programmes. There is a need to showcase what the government of Tamil Nadu is involved in so as to help the citizens understand the implementation process of e-governance and participate in utilizing the services rendered by the government of Tamil Nadu.

The focus of CeTIT 2010 would be

- Citizen Empowerment Through Information Technology
- E-Governance initiatives and Strategy for the future
- Creating an e-Governance environment
- Identifying good e – governance practices in the country and internationally
- Creating a road map for future e- government procedures in the state
- Embarking on making Tamil Nadu an efficient e-government state in India

1/2
