If necessary the International Court of Justice may also be approached for this purpose.

Indian Fishermen report that they are fishing in the Common Area in Sea - Zero Water Level and not in the Areas belong into Sri Lanka. But, the Sri Lankan Navy used to round up them and push the Indian Fishermen to their Areas and then arrest them. Action has to be taken by the Government of India to curtail these types of catching of Fishermen by bringing / pushing them to Sri Lankan Sea Zone.
