

Sensitization Programme on Six Sigma

Being successful and staying successful in business is now more challenging than ever before. Six Sigma is one of the powerful process improvement tools for business enterprises to face stiff challenges and remain competitive for survival and growth. Six Sigma is one of the most successful techniques which deals with the elimination of wasteful processes and thus improving the profitability of the organization.

Entrepreneurship Development Institute (EDI), Chennai is organising a one day “**Sensitization Programme on Six Sigma**”. To be held on 11th August, 2012 at Annamalai University Alumni Club, AUETAA House, 7, PCM Colony Street, St. Thomas Mount, Chennai-600 016. This one day “Sensitization Programme on Six Sigma” has been designed to focus on the essential methods and tools needed to start achieving results and moving towards Six Sigma, enabling continuous improvement in business processes. Topics such as Brief history of Six Sigma, Benefits of Six Sigma, Six Sigma Organization, Basic Statistics, Six Sigma Methodologies, Key Issues and Obstacles, Case Studies and Success Stories will be covered in the programme by experts and specialists from EDI’s knowledge partner, TQM International Pvt Limited Chennai, a world leader in Six Sigma education and consultancy.

Graduates & Diploma holders, Quality Managers & Consultants, Middle/Top Management personnel looking to make breakthrough improvement in MSMEs and those who are planning to develop/improve their careers in Six Sigma, can avail of this unique opportunity to achieve life changing improvements in their careers.

Since the number of seats is limited, advance registration is essential. Those interested to participate in the programme may contact Mr.P.Ayyanar (Ph: 8754590962/ 9566966751 (or) 044- 22502412; email: { [HYPERLINK "mailto:edichennai@gmail.com"](mailto:edichennai@gmail.com) }) for course fee and registration particulars.
