

PRESS RELEASE

IMD has informed that Cyclonic Storm named as NADA is likely to cross north Tamil Nadu coast between Vedaranniyam and Puducherry, close to Cuddalore by early morning of 02.12.2016.

2) In this regard, all the District Collectors have been alerted to take all precautionary measures and necessary actions if required to evacuate people from low lying and vulnerable areas to the relief centres.

3) The General Public are advised to listen to latest updates by IMD about Cyclone. Public may contact 1070 / 1077 (toll free Nos. for help) in emergency situations. The Fishermen are advised not to venture in to sea and to keep their boats tied up in safe places. The Public are also advised to move to the relief centres as and when advised by the District Collector.

4) Two teams of NDRF and one team of SDRF are being pre-positioned in Cuddalore, one team each in Nagapattinam and Chennai to meet out any eventuality.
